

The Hebrew University
Faculty of Medicine Ein Karem
Magid Hall

Lautenberg Center's Annual Shacknai Award 2025

Symposium In memory of Prof. David Naor

05.02.2026

	Time	Name	Title
	8:00-8:45	Arrival + Refreshments	
	8:50-9:00	Ofer Mandelboim - HU	Opening Remarks
Session 1	9:00-9:45	Shacknai Award Recipient Alexander Rudensky- Memorial Sloan Kettering Cancer Center	Keeping order in the immune system and beyond
	9:45-10:30	Ari Glasner - Technion	Orthogonal targeting of T regulatory cells and tumor microenvironment pathways enhances anti-tumor immunity
	10:30 - 11:00	Coffee Break	
Session 2	11:00-11:45	Gal Markel - TAU, Beilinson	Clinical Oncology in the Age of AI
	11:45-12:30	Yardena Samuels - WIS	The various layers of intratumor heterogeneity and their impact on tumor immunity
	12:30-13:15	David Naor's Family and Faculty Members	
	13:15-13:30	The James Sivartsen Award Recipient - Dan Varshavsky	
	13:30 - 15:00	Lunch	
Session 3	15:00-15:45	Ziv Shulman - WIS	Antibody-mediated immune responses in complex microenvironments.
	15:45-16:30	Eran Elinav - WIS	Host-Microbiome Interaction in Health and Disease
	16:30-17:00	Coffee Break	
Session 4	17:00-17:45	Shacknai Award Recipient Marc Feldmann - University of Oxford	Translating molecular understanding of autoimmunity into effective therapy- the talk will take place on ZOOM
	17:45-18:00	Ofer Mandelboim - HU	Closing Remarks
